Hi,

Never mind. Marietta sent forward the slides from the OneDrive, now. I will see about sending that version to the team.

Hi,

I downloaded a copy for Marion to send to the IO when he was ready to send it forward (4:31 pm). Once he has done that I will send that version to the team, as well.

Hi Debra,

I wanted to have a local copy of this file on my computer (a back-up in case of a worst-case scenario tomorrow.) When I opened the file, I saw that updates were available so I saved it. Would you check the ppt to make sure that my save didn't make any changes to what you and the others in RD need? I saw that you were the last person to make edits before my save and thought that you might be the best person to ask to see if all the important content was there. If I did anything to mess up, my thought is that you could restore the last version that you were working with before I was in the slide deck.

Sorry to have caused any stress. Good luck tomorrow!

Rebecca
